

# Napkin Drawings Feedback for Visualizations

## Visualization Napkin Drawings:

## Feedback:

Feedback from Juliann) this looks great apart from the pie chart. Maybe replace it with something else. Make sure your legends are visible.

Feedback from Hayden) For the pie charts I think they do fulfill they're purpose as % of the whole. I might anticipate some pushback about their utilization as it appears they have fallen out of favor according to our instruction. I am also uncertain with what would they could feasibly be replaced. Perhaps a donut chart?
